

Form 8-K for VERTICA SOFTWARE INC/CA

13-Apr-2004

Other Events

Item 5. Other Events

On April 13, 2004, the Plan and Agreement of Merger by and between Vertica Software, Inc., a Colorado corporation and Vertica Software, Inc., a Delaware corporation to change the state of incorporation from Colorado to Delaware was terminated. The Board of Directors determined that the extraordinary, unusual and unexpected time delay and expense associated with responding to comments of the staff of the Securities and Exchange Commission are not cost effective.
